## MEOW.

### HEEELLLLOOO my name is KAT..

What? I am a dog? You're kidding, right? Does that mean I have to stop stalking mice? I hope not, as that is one of my favorite things to do. That and follow you around and sleep next to you. Oh, and eat, of course!

I came into rescue from the OKC shelter a year and a half ago a very robust older gentleman (You think maybe from eating too many mice?). Today I am a suave (yet older still) very good-looking gentleman looking for a home of my own to love and keep mouse-free.

I don't understand why I have been here so long. How can someone resist such a good looking lover boy as me? Especially one that is such a good provider of mice. I am thinking maybe everyone thinks I am really a Kat and that is the problem. OK, you can rename me if that is what it takes for me to find a home. I promise to keep it mouse-free

and to keep you company and supply you endless love for as long as I shall live. How's THAT for a promise? I will be here waiting for you!!

Kat is the sweetest boy in the world and loves to be brushed. He will sit with you all day and protect you from the mice. He loves to sleep on a dog bed, preferably by you but if necessary by the mouse entrance (he will find it for you and show you). Kat is very housebroken and gets along with all dogs and even those slinky things he is named after. Being an older gentleman with plenty of love left to give, he worries that his time is ticking away before he can show someone how powerful that love is. Don't let this wonderful soul slip away, wasted, here at the rescue alone and forgotten. Show Kat that not only does he have plenty of love to give but that someone has plenty of love to give to him too. Adopt a Kat today

We would like to extend our love and prayers to the following 4-legged companions that touched our hearts and that have crossed over the Rainbow Bridge.

<u>Dog</u>	<u>Owner</u>
Pongo	Bill & Claire Thetford
Salém	Jene Boindolino
Dutch	Lynnda & Keith Roselle
Devon	Bobby & Marie Maston

Pongo passed over the rainbow bridge on 09-19-05. He was a sensitive & soulful Dalmatian who used to grin when greeting us or when caught doing something he wasn't suppose to do. He was also always nice to cats. He leaves behind his lifelong companion of 13 yrs Perdita and Rachel. Bill and Claire, who were with him to the very end.

## THE MIRACLE MASTONS

Our featured volunteers this quarter are the Mastons, Bobby, Marie, Chanelle and Renee. Living in Blanchard, OK, the Maston's raise and sell sheep as well as work full time jobs in Chickasha, OK. Bobby has worked for 21 yrs at Delta Faucets and Marie for 23 yrs at Arvin Meritor. Chanelle is a senior at Hillsdale Free Will Baptist College in Moore, OK, where she majors in Business and also serves as the head women's softball coach. Renee is a junior at the University of Oklahoma, majoring in Business Management. Despite these full time lives, the Mastons donate almost every weekend to the rescue, and many days during the week. Bobby is always there to fix anything that has broken, day or night and staying till it is done. Marie serves as the rescue's Vice President and works and organizes each week's cleaning tasks at the kennels with the help of Chanelle and Renee. Chanelle is currently the rescues Kennel Director overseeing all maintenance and repairs. Renee serves as the rescue's PR director making sure the rescue stays in the public eye in order to find these puppies permanent homes. The Mastons have been available to work in any capacity needed since 2000 to ensure the success of the RockySpot. From adoptions to parades to digging post holes, there is no job they will not take on with a vengeance if needed. It is just this selfless dedication that makes the RockySpot what it is today.

## DRESSED TO THE NINES

Our dog transportation went from a small worn-out minivan dubbed the "Spotted Van" to the spacious Express van donated by Hudiburg Auto Groups and Constant Companions. Due to the

insight and generosity of John and Barbara Smicklas she became the beautiful lady we now call the "DAL MOBILE!" We be stylin'.

## FOR THE LOVE OF DOG

Have you visited the RSR website lately? <http://www.rockyspot.com> GO SEE!! We have several dogs that have loving sponsors! That means someone cares enough about them to commit to \$20 a month for their happiness! This gives that particular dog special toys and treats all month as well as help pay for their food and vetting. It is almost like

FOSTERING a dog without it coming home with you! This program shows the dog you care and gives it a little something extra it normally would not get to make it's time here more pleasurable. Please take a look at those on the website who have no one to care and consider letting an orphaned furry baby into your heart thorough sponsorship!! Your name will appear by that dog's picture on our website and you will be given updates on when they are adopted and how they are doing in their new forever homes! You can send your sponsorship by mailing to RSR, PO Box 98, Newcastle, OK or by clicking the Paypal link on the website. These abandoned babies will thank you with tons of tail wags and wiggle butts!

### DREAMS DO COME TRUE

**NUBBY HAS 4 LEGS!!** Yes, believe it or not, his prosthetic is here! After many long years of waiting Nubby can finally walk like a normal dog (ok not yet but we are practicing)! He wears his new leg for an hour every day to get used to the feel of it and to harden the nub in the socket so that he will be able to use it effectively. Roy Scudamore of Equine Prosthetics delivered the leg last month and the media was here to film it. Due to Nubby never having a leg he will have to be taught how to walk on 4 legs. His range of motion needs tons of work but with time Nubby's hop will become extinct! You can read the media story on our website at <http://www.rockyspot.com> and click on WHAT'S NEW!

Nubby wants to thank each and everyone of you who worked so hard and contributed so much for his dream to come true.

### RSR SUPPORTERS ARE THE BEST! WOOF WOOF!!

In the last quarterly newsletter we mentioned some things the RockySpot needed, and you guys listened and responded!

- 18 of the 20 needed Kuranda beds were donated and all the dogs are off the floor for now! (Kirsten Newton, Matt Cheney, Ali Milligan, Ethel Washington, Melissa Peterson, John Reynolds, David & Judy Crowley)
- 30 dog bed pads were donated from the Wisconsin Puppy Mill Project (Eilene Rohde)
- Airline miles were donated for Nubby's Prostheses (Martha Moore)
- Additional fencing funds were donated (Kim Bartman)
- General maintenance funds were generously donated
- A bathtub is being sponsored (Ethel Washington)
- Beautiful "Adopt ME" bandanas were made for adoptions (Robin Walter)
- Molly was adopted from the VICI FINAL FOUR!!

Thank you thank you from the bottom of a lot of spotted and non-spotted hearts! Woof woof.. Licks and slurps.

You guys are the best and what keeps us rolling along!

These beds were donated by the Wisconsin Puppy Mill Project in loving memory of Mr. Peabody, a pet shop /puppy mill Dalmatian. While our RockySpot dogs rest on these comfortable beds, please remember the dogs who suffer in this nation's puppy mills...without a shred of comfort or a bed to call their own.

### ADAM'S EARS - PART II

Can you find Adam's ears? Where are they? GONE.. they are totally gone! Not only have we had to remove Adams ear canals a few years ago due to blunt force trauma-induced tumors and allergies, but now we have totally done away with the heavy, scarred, and inflamed ear flaps. Adam is FINALLY and FOREVER free from all his painful past and the agony that it left him with.

He is quite the handsome dude now. And VERY available. He looks dashing and debonair with his docked ears.. Not the least bit tough looking, just handsome in a very dignified, self-confident way. Don't you think so? Go see him at <http://www.rockyspot.com> . He would love to come home with you today. Give him a call! His phone number is 405-699-7358.
