FREEDOM FROM FREEDOM

11/11/11. Living most of their lives in an small quiet rural area, isolated from the world in individual outside dirt pens with little or no contact with anything (human or animal), the day came when the six, tiny, spotted beauties were finally set free. Free to live, free to love and be loved, free to be a dog and enjoy all that dogs enjoy. But freedom did not come easy to these poor neglected souls as they did not know how to be free, how to be a dog or how to enjoy anything. Freedom was terrifying... everything was terrifying. The world was overwhelming for these feral creatures and life was now worse than before.

Heartbroken the rescue watched helplessly and worried. What would become of these dogs? Did we do the wrong thing by rescuing them? Are they past hope? Past help?

But hope came... in the form of 4 wonderful families who wanted to adopt or foster and open their hearts (and their minds) to accept these emotionally crippled creatures into their homes and into their lives. Loving them from a distance, loving them for who they are and being patient with their fears, life is slowly getting better for our 6 Freedom Ferals. Life may always be scary to these sweet tortured babies but it will never be loveless again.

Thank you to Eda and Barbara for loving Roxie, Ande (Bambi), and Peanut, and giving them such a happy home with Shadow, their wonderful canine 'example' and nursemaid; to Tracy (and her spotted baby Zoe) for loving and understanding Milo (Freckles) and spoiling him whether he knows it or not, to Randy for spending countless hours gaining Sally's (Donna) trust and to his wife, Jen, for having super patience and understanding with her. And last, but not least, to Gretchen for fostering Groovy (Pongo) the most feral of the group and for trying to very hard to make his life better. The emotional neglect these creatures had to endure is the worst kind of cruelty as they will live with the results forever.

SURPRISE! SURPRISE! SURPRISE! AND SURPRISE!

That's what Gomer Pyle would say, and boy were we surprised. One little, very skinny, senior beagle pulled from the shelter with Kennel Cough (a doggie head cold frequently picked up at the shelters) took 18 days in quarantine to get well. Finally the day to be vetted and spayed! But wait!! Something is wrong... yes we fattened her up while in quarantine but we fattened her up TOO MUCH... out comes ALVIN, SIMON, & THEODORE! ... and then Brittany... Oh MY GOSH... who would have thought??

Well, we blame it on **ALVIN** of course.

YOU DID IT! YOU REALLY DID IT!

THE OLD UNDERSIZED HARDWORKING HVAC UNIT HAS FINALLY BEEN RESCUED! And **YOU** did it!

Because of your relentless determination to never give up, you doggedly pursued this long suffering fundraiser until all the funds were finally raised to install the donated backup HVAC unit that will keep our (YOUR) rescue dogs happy and comfortable this summer for the first time! AND will keep the electric company from ever robbing the dogs of their precious care funds again!

Thank you to the many hard headed wonderful donors who helped make this dream a reality; Andy Golden for donating the extra unit, Linda & Doug Riebel for keeping the old unit limping along until funds could be raised, and to the many folks who kept our hopes alive with donations. YOU KNOW WHO YOU ARE! (you are the hard headed ones!) THANK YOU!!!

THE FORGOTTEN OF 2011

Overlooked and forgotten, only 2 dogs from our previously featured pets in 2011 are still lonely and homeless. And great dogs they are too!

WHY DID NO ONE WANT THEM for over a solid YEAR? They ask themselves this every day. We ask OURSELVES this every day. Why? Please cross-post our babies everywhere, as together we can find them a home! We cannot let 2012 go by without them finding a home of their own.

Daisy...
a soulmate
black beauty

Pinky...
a sweet, tiny,
middle aged,
classy, little
terrier mix
who has
never done
anything
wrong.

LONG-TIMERS OLIVER & CHET WERE ADOPTED!!!

THEY JUST HAD TO WAIT OVER 2 YRS FOR
THEIR HOMES BUT THEY SAY IT WAS
WORTH THE WAIT!

CONGRATS OLIVER AND MARY!!
CONGRATS CHET AND AARON!

THE STOCKINGS WERE HUNG...

... by the kennels with care and every single dog had a milkbone there!

THANK YOU to all those who made sure not one, single, dog's stocking was left empty this year, by volunteering their time or by bringing their own dogs to PetsMart for magical pictures with Santa and supporting PetsMart & RSR/OKBR Santa Paws fundraiser. Not only was it beneficial for the dogs but it was FUN for everyone too!

HO HO HO!! Let's do this again next year!!

WHERE ARE THEY NOW??

What has become of all RSR & OKBR alumni? Although we know kids have to grow up and leave the nest, as original parents we will always love them and wonder (and worry some) about what became of them and how their lives were (or are still!) We know many have gone to wait at the bridge we still long to hear of their lives with you and for those still with us we too want to know how they are! Parents never stop worrying about their kids.. even after they are gone.

Please consider touching our hearts by sending a brief note (and photos would be great!) to wherearethey@rockyspot.com or drop a line in the mail (photos will be returned if requested). This would make a lot of folks who loved and cared for them in their time of need very happy indeed!

PARTY POOPERS!

You missed our Christmas Party!! And it was all our fault. Whaaa!! And we sooo wanted you to be there!

In an effort to avoid spending more of your precious donations on postage than we had to, the 2011 Christmas newsletters were sent out for the first time in BULK Mail. Not realizing BULK means TURTLE SLOW many of you did not get our newsletter in time to see your invitation to our Christmas party! WE ARE SO SORRY!! WE MISSED YOU! But never fear! We will do this again this year and make SURE everyone knows when it is and what to bring (Besides themselves and their good cheer that is!!) Although small we all had a fabulous time and talked about each and every one of you (good talk, of course!) so you better come next year to defend yourself!

SOLITARY CONFINEMENT

~not the place for any sweet fur child but 3 live there forever it seems~

Carl the Cow Dog, is a guy who loves to work. Living free for half a decade with no fence and a big wonderful countryside to explore before heading home each night, Carl, the cow dog was turned into animal control when out on an adventure one day and no owner came to get him. Probably sure he will 'come home' when he is ready. Carl the Cow dog, locked in solitary confinement in a 5x25 ft indoor/outdoor concrete pen alone with nothing but his tennis balls to obsess about for months on end, forever to him it seems... A lifetime. Carl the cow dog, miserably unhappy, depressed, and alone, Carl the Cow dog needs you. Do you have a huge fenced farm with inside house privileges, he could help you maintain? He would be in heaven instead of the hell he lives in now.

Stud the MAN!! WHAT A LOVE! WHAT A SMART SWEET half Dal half yellow Lab this middle aged boy is! Loved at one time very much as it shows in the love that pours out of him and the sweet inquiring look on his face begging to just have it returned just one more time. Just one more time he wants to know love and happiness and a home of his own. An older adult, not on AARP yet, Stud tries hard to NOT live up to his name. Yet he just can't be manhandled by other dogs, his name is STUD after all! And the prison yard he lives in is full of manhandling young fools. So to keep our sweet older adult, safe from younger stronger, manhandling, wanna be, 'studs' our real Stud has to be kept in solitary confinement and has been for almost a year now. Tick tock... time is going away for Stud. He lost his home for snapping at a child that probably pulled his tail. He has paid for his crime. He needs a pardon. Will you pardon Stud? Give him love and a life again?

Shooter aka ShotGlass, unintentionally doomed for life in prison due to a high prey drive with small animals/dogs, and a stress level pulled so tight from being kept in solitary confinement for over 2 years. But 4 months of intensives rehab at Pleasant Pooch with Canine Trainer, Kirsten Deason has Shooter ready for a supervised pardon! He just needs someone to initiate the procedure! He is the best dog EVER and plays ball and tug and loves to go for walks and run errands and SMELL the clean fresh air of freedom... please pardon Shooter.

YOU'RE FIRED!

YOU'RE FIRED! YOU'RE A MISERABLE FAILURE! Ok, so maybe not "miserable" since you can't seem to stop smiling... but then neither can we!! Who does not love to fire a failure? A FOSTER FAILURE that is! Please help us congratulate all the FIRED Foster Homes this quarter who decided their 'foster' dog is now their FOREVER DOG! YOU'RE FIRED!!

You just can't Trump THAT!

Dakota & Bear

TOGETHER FOREVER is all they asked... Having already suffered so very much in life, from being abandoned together as tiny puppies, to enduring several painful surgeries, and finally the heartbreaking loss of multiple homes with people they loved, the fear of losing each other was the most difficult. The only thing they really ever had was each other. Thank you to the Defenderfer Family for being a FAILED FOSTER and finally giving these boys their TOGETHER FOREVER home.

Dottie & Sophie

BEST FRIENDS FOREVER!!! When Dottie and Sophie, the middle-aged, bonded Dal & Beagle lost their home after 8 yrs. together, they had wavering hopes of being BFF's for much longer ... but then failure struck! FOSTER FAILURE that is! THANK YOU ROBIN AND GORDON for loving our girls so much they get to stay and remain BFF's FOREVER!

Lemon Drop

SCREECH! BAM! BAM!... from being hit by a speeding car to hitting right square in the middle of her foster mom's heart, Lemon has finally made it home. With a tough determined little spirit such as Lemon's, Diane did not have a chance of not failing. Lemon's plan all along! Just look at that sly grin! There she goes! Lemon Drops made from Lemons! THANK YOU DIANE!

Luna

Tiny, old, and cranky, who would want this little squirmy, demanding, grouchy, heartworm positive, old lady? HER FOSTER MOM, THAT IS WHO!!! Thank you Tracy for loving Luna and being a failure just for her!!

Nadia

Dumped in her later years, Nadia was one lucky girl when a vet tech (her name sake) picked her up and contacted RSR. With severe arthritis and elbow dysplasia we assumed Nadia would live her life at the rescue. We assumed WRONG. Nadia wormed herself under the skin of our volunteer Mary who took her home one day for a visit and never brought her back (but to visit US that is). Check out Nadia enjoying her "Adoption Day Party" cake!!

CAMPING WITH THE STARS!

Shine up the bouncing ball, order the milkbones, and get ready for the excitement of the 3rd annual DOGGIE SUMMER CAMP!! Many furry four legged stars are anxiously waiting, ready to sparkle and shine and give it their all to win you over for the Summer Camp of a lifetime, at your house! In the main play yard we have the cuddly couple Mike and Molly, sitting with 2 very disheartened Broke Girls who are trying to cheer up poor, lonely, Ugly Betty. Out back you will find the gorgeous Bachelor consorting with a few wannabe Criminal Minds, and some manipulating Survivors hoping with all their hearts to be the ones chosen to spend 2 coveted weeks in your wonderful home this summer. Come choose YOUR partner(s) today! We will ALL be winners!!

Dates: July 12-24, 2012

Where: YOUR HOME

Cost: Minimal Love and Attention

While the two extremely exhausted and weary RSR & OKBR caretakers of the rescue desperately dream of recharging in the mountains of CO, they know that without a successful Doggie Summer Camp, it will just be just that ... a desperate dream. Like batteries, without a recharging time, they run down too. And without fully charged batteries the day-to-day dog care and operations of the rescue would drain them too fast. Please help them make it possible to take a much needed break.

Each Camper comes with food, treats, toys, any meds, their own bed or crate... and all the love in the world to give you. The dogs are trembling with excitement to be away from the harsh loneliness of the kennels and to relax – at your house! You can pick up your summer camper any time before 7/12 and return any time after 7/24. Are you ready for a week or so of unconditional love! Email dals@rockyspot.com or call 405-640-5298 today and choose YOUR Doggie Partner today!!

HEARTBREAKING GOODBYES

Elizabeth /Truly Thin, old and tired, a nasty tumor hanging from the bottom jaw making eating very difficult Elizabeth/ Truly was slowly wasting away. Because no one cared, she wandered the streets going on with her life the only way she had ever known. But wait, someone DID care and Elizabeth/Truly was scooped up and taken to safety! Enlisting the help of RSR and all their wonderful angels, the 'one who cared' had the tumor (and her bottom jaw) removed so she could EAT AGAIN. One would think with no bottom jaw it would be harder! But not for ET!! She had that game down and before long her voluptuous figure was back in full force and so was her spirit! Living the rest of her life in love and comfort with 'the one who cared' Elizabeth Truly finally found heaven. Thanks to Hillary, Neel Vet, and all the wonderful RSR angels for giving her the good life before she went to the Bridge.

Buffy Beautiful Buffy, beautiful to the core. With the most amazing double patched ears and beautiful spotting, it was hard for the beauty inside to compete. BUT compete it did! Never was a sweeter, more tolerant, spotted angel ever born. It is hard to imagine how anyone could abuse or neglect our sweet Buffy to the point she was when she came into rescue. But Buffy showed no emotional signs of her road to us. Adopted to a home full of children, Buffy raised them all with tender loving care. Then with children grown, and in the winter of her life, the economy fell, and no longer able to care for Buffy properly, she was turned back to rescue where she lived out her few remaining years surrounded again by those that loved her first. Thank you Buffy for blessing our world, not once, but twice in your lifetime.

Whitey /Poppy Abandoned at the lake in his prime, Whitey happily ran wild and free! A total rebel, Danger was his middle name (a Doggie James Dean!) Hanging out at the houses that had dog food, (and young pretty girl dogs too, of course) one young girl dog's dad called the paddy wagon and Whitey was taken away... away to RockySpot's kennels where he did hard time for his devilish ways! As was his destiny, Danger followed Whitey where ever he went. Once rehabilitated, Whitey was adopted out and renamed Wiley (as in Wiley coyote!) but trouble always followed Whitey and he was returned due to his severe food allergies. Allergies so severe that eventually both ear canals and one eye were totally removed. Adopted out once again and renamed Poppy, trouble still hounded him and he was brought back a second time due to severe allergies, not his this time, but his family's, forcing him to live outside. Changing his name so many times could not fool Danger as it still plagued our old, deaf, and half-blind, senior James Dean. Even when adopted in his final years and taken to Missouri, Danger still tried to get him in the form of the horrible Joplin tornado that took out so much of the city and barely missed our boy. Finally Poppy-Whitey was able to live out his remaining years in peace and comfort thanks to a wonderful Spotted Angel named Mary who saw his need and came for our "Rebel without a Cause!"

Domino/Reprints White carpet and senior bladders had a battle and the carpet won. At 14.5 yrs old, Domino was taken to the shelter for his final fate. Not even held and loved, in the end he was just dumped out to die, scared and alone. But RSR did not let that happen. Brought to the rescue where carpet comes in small washable runners on tiled floors, Domino found his long lost relatives! A spitting image of the long gone founding son of RSR, Prints, Domino had found a new home, AND a new name, RE-Prints! And he filled Print's shoes 'almost' perfectly. Here he lived for the next 1.5 yrs Reprints was the reigning Prince of the rescue. At the ripe old age of 16 he finally took his last bow and moved on to meet the original Prints at the bridge where we are sure they sat for hours telling tales of past (and confusing the rest of the bridge on which was which!) Enjoy each other; my Print's... till we are together again.

ON THE WINGS OF ANGELS

We are each of us angels with only one wing, and we can only fly by embracing one another.

- Luciano de Crescenzo

*Thank you to all the ANGELS who without you we could NOT continue to save, rehabilitate, and re-home so many.
Because WE are able to fly... THEY ARE ABLE TO FLY!!*
