2015 Quarter 1

Where Are They
Now??

Lucky has obtained his Canine Good Citizen and Therapy Dog credentials! He passed with flying colors and has been helping children learn to read at the library.

"Lucky was a sensation yesterday in the children's department at Tom Green County Library. He was very well behaved and interested in everything that was happening around him. He was well loved by all the children. Several children read 'dog' books to him — we had a squirrel book on hand that we thought he might be interested in. A mother got involved and read Llama, Llama to him and the group gathered around. We are excited about our collaboration with David Wood and Lucky and look forward to their next visit. We sincerely thank everyone involved in making this program available to libraries." ~Sally Meyers

Jesse: It's so hard to believe that we have had Jess for over three years now. What a life this boy has! He is the best dog and he gets sooooo much luv every day. ~*Scott & Joann*

Just wanted to let you know that **Laser** is doing wonderfully here. He loves to run all over our property, and likes to run all.the.time! He gets along with his sister really well. He does think she needs to wake up early to go run and play, but she doesn't think so. When he isn't outside running he loves to cuddle on someone. ~*Samantha*

Marvin has been such a great addition to our family. We are in Portland Maine right now and Marvin has been on an airplane & been on the beach and chased seagulls - he is such a good traveler! He has latched onto Hannah and she has latched on to him. ~*Elizabeth*

Hi RockySpot:

Everything is going well here. B was only gone a week this summer to Norman so we had fun. I am doing fine and am happy and love my Milk Bone. Sometimes I get two! I get along with calm kids—they're not too bad. Lucy of course tries to dominate Babe and myself and some days appears to be in charge although we play together a lot. I will have been here 4 1/2 years by January and get I'll just get old here. Babe is doing ok. He is the laziest dog unless there is someone around or walking in the neighborhood but we get along well. He is fun to wrestle with out in the yard. ~ **Lennie and Lucy**

Ziggy (JJ Puppy)

at St. Augustine's Bone-afide Dog Show and Pet Adoption event

Belle is the sweetest and most affectionate dog I have ever had. She sure rules the roost. ~Wade

Lucy (in the sky), in Canada

Here is a pic of **Sadie** and I. She is 12 and doing well. ~Rosie

Gus really wanted the piece of grilled chicken I was eating. He got more and more pitiful. ~Cheryl

Pepper (Pooka) and her sister Maggie just saying hi with tongues out. (Maggie has since gone to the Rainbow Bridge.)

Ozzie's doing great. His picture is still the same because he hates the camera (smile). He has found his voice, a beautiful bay that includes all the baritone notes and some bass ones that scare people who don't know him. People often have to be told he's a shy dog these days, because he greets them at the door with a lot of noise. He can tell from several minutes out that Jim is on his way home in the truck, and he just comes loose, dancing and baying. He beats me to the door and jostles me for position and bounds off the porch and sings for Jim. ~Paulette

I wanted to give you a super update on **Sally!** She says hi and is doing great. She has a new little brother that she is not crazy about but is so wonderfully tolerant! She lets him chew her ears for a bit before she snaps at him! Dougal is a Catahoula mix rescue puppy and is 7 mos old now. He weighed 4 lbs at 7 weeks and is so cute but weighs 55 lbs now!! We lost Kellie last Dec at the good age of 18. Sally seemed to grieve but when we got Dougal she said, I wasn't that bad.....LOL!!!!!! ~Deb

Sam is loving his new home can't believe we have had him almost 1 year. ~Tana

Tbone (Tebow): He is sleeping on the patio while we enjoy the evening. He takes a nap after his walk to get ready for bed!! HaHa.

(Right) Teebs was cold after his walk so daddy put his blanket in the dryer for a warm up. ~Meg

Dear RockySpot—

Morgan sends his love. He is just great—not much of a summer guy—just stays in the A/C! HA Thank you for all you do to help our furry friends! God bless you! ~Jim & Stefanie

Lucky **Shelbie** gets to sleep on the bed in the winter months. She had a tooth pulled and is happy to have no more toothache.

This is **George Bob** visiting Wyoming. He has had surgery on his foot and is doing well.

Comet is thriving each and every day. He has begun to blossom and his true personality comes out daily. He loves giving me kisses and nudges me for affection always trying to be in competition with his brother Calvin. Calvin's like "Hey man, why do you need to compete, don't you know our mommy give us love ALL the time". ... Another thing Comet does is instead of baying like most beagle's do, when he gets worked up he'll start out baying but ends up yodeling. ~Reba

Roxy and I went to Sonic last night, she enjoyed all the smells and the car ride. She must be at least 9 or 10 years old now. I picked her up at Petsmart on April 1, 2006 just to "foster". She had just gotten her stitches after losing half an ear. ... I appreciate Roxy even more now. She's such a perfect little lady. ~Kim

Good evening! **Wilma** is doing great! Better yet, Wilma and Clark continue to get along better each day!

Wilma has very easily gotten into the routine of our daily lives. Each day her tail is up in the air more and more wagging. She does a dance and sings a song at meal time. She loves going for our walks in the evening. Clark has picked up the pace on our walks with his new little buddy leading the way! She loves going for car rides. ~Tina

Help Needed!

Motivating Morty

Mortimer 's ACL Surgery

Update: We are just over 50% of our fundraising goal for Morty's much-needed surgery! He is in a foster home in Stillwater right now in pain and unable to walk much. Please help us get to the finish line! He has been waiting for his surgery far too long. Thank you to everyone who has already donated.

Last year, on the coldest day in Oklahoma history, Mortimer, a sick senior beagle and his friend Marvin, were tied with electrical tape to a lone fence in the country, and abandoned, without shelter or protection. Doomed and unable to huddle together, they bravely faced the harsh bitterly cold wind and accepted their fate, trapped in the same eternal winter as the kingdom in the Disney movie FROZEN. They had no choice but to do as the song from the movie suggested.

Let it go, let it go
I am one with the wind and sky
Let it go, let it go,
You'll never see me cry.

But, miraculously, they were found in time, nose to nose in the icy wind and saved from the deep forever sleep quickly creeping up on them. Many months of recovery from their horrible ordeal and Morty's heartworm treatment, Marvin finally felt comfortable leaving Morty alone and found a wonderful home of his own. After many more months, Morty's chance for a new beginning finally came but unfortunately he went lame right before he was adopted and needs surgery to repair torn ACL's in both hind legs. See his one and only chance slip thru his paws, unable to get around, depressed and in pain, Morty has once again given up. Please help us help Morty!

Only with YOUR support will we be able to get Morty into his new home and finally start to live the life he was supposed to from the beginning.

PLEASE SHARE this link with everyone you know...Cross post far and wide! PLEASE HELP US HELP MORTY ASAP!
